

TDP003 Projekt: Egna datormiljön

System Testing

Författare

Adam Ivarsson, adaiv505@student.liu.se
Lukas Michanek, lukmi182@student.liu.se

Höstterminen 2014
Version 1.0

2015-10-10

1 Test setup

Todays date: 9999-99-99

Version of Flask: 0.0

Version of Python: 0.0

Webbrowser(with version): browser v0.0

Portfolio commit version: e3f09d050798e16e6537035409b4aea2097b787d

TDP003 system specification version: v0.0

The TDP003 system specification uses a set of ID's to identify specific demands, these id's will be referenced throughout in the form of SS.ID, so for example *S.1.2* or *SS.2.3*

Tabell 1: Presentation

Time of test	What is being tested	How is it tested	Result
16:43	This is a long string to see what it looks like	aswell as to see what happens if the text spans a whole page	will it break?
20:23	Is the sky green?	Used our eyes to look up	Failed see Fail 1
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result

Tabell 2: Presentation

Time of test	What is being tested	How is it tested	Result
16:43	This is a long string to see what it looks like	aswell as to see what happens if the text spans a whole page	will it break?
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result

99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result
99:99	What	How	Result

2 Failed tests

2.1 Fail 1

The sky was infact blue! Lorem ipsum etc etc insert stacktraces and such info here.

2.2 Fail 2

Lorem ipsum etc etc insert stacktraces and such info here.

2.3 Fail 3

Lorem ipsum etc etc insert stacktraces and such info here.

2.4 Fail 4

Lorem ipsum etc etc insert stacktraces and such info here.
